Two days Trekkers holiday retreat packages

Two Days Trekkers Holiday Retreat Package in Kathmandu, Nepal - USD 199

Best Wellness Retreat in Kathmandu for Trekkers, Hikers & Adventure Travelers

After days of trekking in the Himalayas, your body deserves more than rest. It deserves recovery, healing, and restoration.

At the **Institute of Natural Medicine in Thamel, Kathmandu**, our **Two Days Trekkers Holiday Retreat Package** is specially designed for trekkers, hikers, backpackers, mountaineers, and adventure travelers looking for the best **post-trekking wellness retreat in Nepal**.

This carefully designed **trekkers recovery package in Kathmandu** combines **Yoga, Pranayama, Himalayan Sound Healing, Reflexology, Acupressure Therapy, Chakra Healing, Shirodhara, and Trekkers Massage Therapy** to help your body recover naturally after Everest Base Camp trekking, Annapurna trekking, Langtang trekking, Manaslu trekking, or any Himalayan adventure in Nepal.

Whether you are preparing your body before trekking or recovering after long mountain hikes, this retreat helps reduce muscle soreness, improve flexibility, increase circulation, release stress, and restore your energy naturally.

Why Trekkers Choose Our Wellness Retreat in Kathmandu

- One of the best wellness retreats in Kathmandu for trekkers
- Ideal before and after Everest Base Camp trekking
- Natural recovery for muscle pain, stiffness, and fatigue
- Helps improve breathing and oxygen flow before high-altitude trekking
- Combines yoga, healing therapies, and massage in one retreat
- Perfect for backpackers, hikers, digital nomads, and adventure travelers
- Located in peaceful Thamel, Kathmandu
- Affordable holistic healing retreat in Nepal

Unlike commercial spa treatments, our approach focuses on **therapeutic healing, holistic wellness, and natural recovery**.

Two Days Trekkers Holiday Retreat Package - USD 199

Non-Residential Wellness Retreat in Kathmandu

This retreat package is divided into two sessions:

- **Before Trekking:** Preparing the body, breathing system, muscles, and mind for trekking
- **After Trekking:** Deep recovery, relaxation, and restoration after returning from the mountains
